The container terminal is connected to the new state road D-403 linking the Port of Rijeka, namely the Zagreb Deep Sea Container Terminal, to the Skurinje junction, currently under construction.

Photovoltaic power plants will be installed at the terminal, and thanks to the electrification of almost all equipment and the use of electricity from renewable sources, the ...

Project "Upgrade of the Rijeka port infrastructure - Zagreb Deep Sea Container Terminal (POR2CORE-ZCT)" contributes to the development of the Port of Rijeka as one of the core ...

By the decision of the Government of the Republic of Croatia, the Zagreb Deep Sea container terminal was declared a strategic project of the Republic of Croatia and is the largest capital ...

Croatian company Jadranski naftovod (JANAF) has commissioned its first solar photovoltaic power station at its Zitnjak-Zagreb Terminal in Croatia.

In total, investments of about 100 million euros will be made in equipment for the new terminal, which celebrated its groundbreaking ceremony in September 2023.
