Due to its robust construction and its own weight, the Solarcontainer already offers sufficient protection against lifting or shifting without a foundation. For higher wind loads, ballast stones ...

Due to its robust construction and its own weight, the Solarcontainer already offers sufficient protection against lifting or shifting without a foundation. ...

The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power. It is the perfect alternative to unstable grid ...

Our solar setup guide details cost-effective power solutions for construction sites via solar container rentals.

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's ...

Solis" Skid Solution supports larger scale projects to simplify implementation and work seamlessly with our 1500 VDC PV string inverters (250-350kW). We reduce complexity by placing all ...
