What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below for more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1" x 40.9" x 1.4".

What is a 20 & 40 ft shipping container?

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats.

How many lithium batteries can a hybrid inverter stack?

Stack up to 9 Lithium Batteries per system! Just give our office a call and ask about adding more power storage. Delivering 10,000W of rated power output, this rugged pure sine wave hybrid inverter is capable of pairing with either GEL or LI batteries. Dual MPPTs provide 99% efficiency. Provides 120V and 220V output power.

EcoDirect offers battery boxes, racks and enclosures for off-grid energy storage applications in solar PV systems. These products support the most common battery types.
