What is Solarban® 90 glass?

nal Light to Solar Gain (LSG) ratio of 2.22. Due to its exceptional solar control performance, Solarban® 90 glass enables architects to specify larger expanses of glass o connect people to the outdoor environment. The ENT Center for the Arts at the University of Colorado, Colorado Springs is one of the first projects to feature Sola

What is solargray® glass?

Solargray® glass has been a popular choice for commercial structures because of its cool, medium-gray appearance and ability to control solar heat gain and glare. In a one-inch insulating glass unit (IGU), Solargray® glass provides visual light transmittance (VLT) of 40 percent.

Can solargray® glass be used with Sungate® 400 glass?

Solargray® glass may also be combined with Sungate® 400 glass in a one-inch IGU for improved solar heat gain performance and lower U-values. Solargray® glass's light-gray color makes it an attractive choice in combination with almost any other exterior cladding material.

Solarban® glass products feature some of the highest light-to-solar gain (LSG) ratios in the industry and can be combined with a wide array of tinted glass options by Vitro for even better ...

Double or triple glazing, in strips or as insulating glass made to measure, toughened or not - solar control glass from AGC Interpane meets the individual requirements for each of your projects.

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a ...

Combining advanced coating technology with refinements to Vitro Architectural Glass" (formerly PPG glass) proven triple-silver coating technology, Solarban® 90 glass is engineered to ...

This innovative glass is designed to convert sunlight into electricity, combining the functional attributes of a building's envelope with the ...

Combining advances in coating technology and refinements to Vitro Glass's proven triple-silver coating technology to produce the world's first quad-silver-coated glass, Solarban® 90 glass is ...
