Vega Solar and Indian company Sainik Industries - Getsun Power agreed to build the first lithium ion battery factory in Albania. It would have 100 MW in annual capacity.

Albania's energy storage boom demands battery shell designs that go beyond off-the-shelf solutions. By focusing on material science, smart thermal regulation, and modular architecture, ...

As Albania accelerates its green transition, battery storage boxes aren't just equipment - they're energy insurance policies. Whether you're running a factory in Elbasan or a resort in Vlorë, ...

As of March 2025, Tirana's energy storage market is growing faster than a teenager's TikTok following, with global players establishing local partnerships faster than you ...

Could Tirana become the Balkans' battery capital? With 300+ sunny days annually and EU accession talks progressing, the pieces are aligning better than a Byrek's phyllo layers.

The Albanian Ministry of Energy's recent tender for 150MW of storage capacity signals serious commitment. But here's the kicker: successful bidders must integrate at least 10% second-life ...
