What types of off-grid power systems does GES energy offer?

GES Energy offers a complete range of off-grid power systems for all types of projects, ranging from smaller residential applications to larger commercial and agricultural systems. Our off-grid systems are flexible and provide the ability to scale the system size to align with your energy needs.

How do I set up my inverter in Australia?

Since 2021 it's mandatory that all inverters in Australia are configured to follow one of Australia's AS4777.2 Grid Codes. Navigate to the settings page by pressing the 'cog' symbol in the top right corner of the touch screen. Ensure your grid type, voltage and frequency also match. Touch the tick in the bottom right corner to save.

Is Aussie hybrid solar a scam?

Aussie Hybrid Solar is the only company visited us. And surprisingly, they are the only company with a proper setup warehouse. I actually suggest everyone who is looking for solar to visit solar companies offices. So many scams! Anyway, Aussie Hybrid Solar is Great!
