In a pioneering effort for the Pacific region, Sunergise International subsidiary Clay Energy, in collaboration with the Fiji Government and funded by the Korea International Cooperation ...

A Caribbean paradise where coconut trees dance with wind turbines and solar panels glisten like sea glass. Welcome to Basseterre's energy revolution - where new energy ...

The official ground-breaking ceremony of the Basseterre Valley Solar and Storage Project for a 35-megawatt solar energy plant and the 45-megawatt-hour battery storage facility ...

Learn about its technology, benefits, and impact on regional sustainability goals. Basseterre, the capital of St. Kitts and Nevis, has taken a bold step toward energy independence with its ...

Basseterre, the vibrant capital of St. Kitts and Nevis, is rapidly embracing solar photovoltaic panel electricity generation to combat rising energy costs and environmental challenges.

The project, set on government-provided land in the Basseterre Valley, will include a 35.6 MW solar energy plant along with a 44.2 MWh battery storage facility.
