Release by Scatec, a distributed-generation solar and battery energy storage systems (BESS) solution, is set to expand its solar and storage capacity in Cameroon by 28.6 MW and 19.2 ...

Scatec and ENEO are expanding solar capacity in Cameroon. Learn how the 28.6 MW solar and 19.2 MWh storage project will bring stable, clean energy to 200,000 homes.

Solar and wind projects often hit a wall when the sun sets or winds calm. Traditional diesel backups account for 22% of energy costs in off-grid regions, creating what experts call the "

Release completed the already existing solar plants in Maroua and Guider in Cameroon (35.8 MW solar and 19 MWh BESS) in ...

Norway-headquartered renewable energy company Scatec will add 28.6MW of solar PV and 19.2MWh of battery energy storage systems (BESS) to projects in Cameroon, ...

Cameroon, often dubbed "Africa in miniature" for its diverse geography, is now gaining attention for a different reason: its ambitious energy storage power station projects.
