Do you need a power bank when traveling?

March 3,2025 Staying connected on-the-go is a must,whether you're getting directions to a new restaurant,streaming content or joining meetings. When outlets are limited and a low battery is looming,a reliable power bank is essentialwhile traveling. However,navigating airline regulations and choosing the right capacity can be a challenge.

Are power banks allowed in checked luggage?

Power banks are only allowed in carry-on bags,never in checked luggage. Up to 100Wh (?27,000mAh) is permitted without airline approval. Power banks rated 101-160Wh require prior airline approval. The FAA and TSA ban uninstalled lithium-ion batteries in checked baggage.

Can you put a power bank in a bag?

Avoid using a power bank inside a bag as it can overheat. Power banks are treated the same way by most airlines because the rules come from safety bodies like IATA (International Air Transport Association) and the FAA (Federal Aviation Administration). The good news is that the important points are pretty straightforward.

Which power bank should I buy?

If you're looking for a good,reliable,safe power bank,I recommend the Nimble Champ(\$60) or the Anker Laptop Power Bank (\$95). If you have an iPhone or Qi2 phone,consider one of the best MagSafe power banks. Before your next flight,read up on airline rules and restrictions about traveling with power banks.
