What types of circuit breakers are available?

We carry a wide range of circuit breakers including RCBO, RCCB, ELCB, MCCB and MCB, in the most popular voltage and current combinations. Shop popular currents including: 20a, 32a, 40a, 50a, 63a, more. Shop popular brands including: Clipsal, Hager, ABB, Schneider, Eaton, more Currently, we have no products assigned to this category.

Can a circuit breaker be used multiple times?

Unlike a fuse, a circuit breaker can be used multiple times. We stock circuit breakers designed for low voltage AC & DC applications including automotive bladed breakers, DIN rail mount circuit breakers, panel mount circuit breakers, and surface mount circuit breakers with manual or automatic reset.

Are refurbished circuit breakers worth it?

Refurbished circuit breakers are a cost-effective alternative to buying new ones. They are disassembled, cleaned, and tested to ensure they meet industry standards and are free of defects.

Why do you need a circuit breaker?

We specialize in delivering reliable and efficient circuit breakers for industries such as renewables, data centers, electrical contractors, and utilities. Our circuit breakers are engineered to quickly and reliably interrupt current flow upon fault detection, ensuring minimal disruption and maximum protection against overcurrents.

Common types of electrical supplies needed in Canberra include wiring, switches, lights, circuit breakers, and conduits. The pricing of these products can vary based on factors ...
