Tuvalu's first international underwater communications cable landed in the tiny island nation's capital Funafuti this week. The Tuvalu Vaka Cable is jointly funded by the ...

Experience the advancement of renewable energy in Tuvalu with the launch of a solar rooftop system and battery storage in Funafuti, supported by ADB.

The new solar farm, spanning several hectares and equipped with advanced photovoltaic technology, is designed to meet a significant portion of Funafuti's electricity needs.

By 2015, five PV systems had been established on the island [4]. This amount of renewable energy systems can not enable Funafuti to move away from diesel generators entirely. This ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...
