When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Why should you invest in the Cuamba solar and storage plant?

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district. Globeleq, Source Energia and EDM have all invested in this project - a public-private partnership that demonstrates the confidence of international investors in Mozambique.

What is Cuamba solar power plant?

"The Cuamba Solar Power Plant project aims to increase energy availability in the country through both public and private investments, with growing contribution from renewable energy sources; and addresses a strategic objective outlined in the Government's Five-Year Programme.

Mozambique is rapidly emerging as a leader in renewable energy integration, with energy storage power stations playing a pivotal role. Discover how this African nation is tackling energy ...

Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially ...

As we approach Q2 2025, Mozambique's draft National Storage Strategy aims to triple grid-connected storage capacity while establishing local battery assembly plants.

Do you expect energy storage systems will become more prevalent in years to come? Globeleq sees battery storage as a key ...

This is the third large-scale solar plant in Mozambique and the second that has had the support of the United Kingdom and the Kingdom of Norway, ...

Globeleq, Africa's independent power producer, has today announced the launch of commercial operations at
