Huawei's smart micro-grid and grid-forming solutions connect PV panels to SUN2000-330KTL-H2 smart PV controllers, efficiently converting DC power to AC. This power ...

The Solomon Islands Renewable Energy Development Project plans to finance new photovoltaic (PV) parks in the provinces of Guadalcanal and Malaita, along with a utility ...

The Honiara project represents more than an infrastructure tender--it's a blueprint for sustainable energy transition in island nations. By combining cutting-edge storage technology with climate ...

The Solomon Islands Renewable Energy Development Project plans to finance new photovoltaic (PV) parks in the provinces of ...

We are happy to announce that our first investment in new renewable energy, an innovative solar plus battery storage project in Kern County, is now producing power.

By reducing dependence on imported fuels, the Honiara Solar Plant significantly enhances the Solomon Islands' energy security. This is a strategic priority for a nation ...
