Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Székesfehérvár, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124MW/496MWh battery energy storage system went live in Lovech earlier this year.

Does Samsung have a battery factory in Hungary?

Samsung SDI, the battery manufacturing arm of Samsung, is expanding its presence in Hungary to meet the growing demand for electric vehicle (EV) batteries. The company is currently expanding its second battery factory in the country, with completion expected by September 2024.

Hungary has taken a significant step forward in its energy transition with the inauguration of its largest standalone battery energy storage system (BESS).

As a global lithium battery manufacturer with deployments in 138+ countries, GSL ENERGY supports Hungary's fast-growing energy storage ecosystem with reliable, modular, ...

Met Duna Energetika, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 MW / 80 MWh battery storage at the ...

This article highlights the top 10 battery manufacturers in Hungary in 2025, providing an overview of their backgrounds, products, ...

Met Group Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Hungary's largest standalone battery energy storage system has been inaugurated in Székesfehérvár. With a 40 MW output and 80 MWh capacity, the new unit by MET Group ...
