Who is solarscreen Pakistan?

It is no surprise, SolarScreen Pakistan has become a trusted name for heat control solutions. Our core services include thermal insulation of windows, skylights and automobiles. As of January 2020, we have installed our products at more than 500 buildings across Pakistan.

Why did solarscreen Pakistan install a transparent film?

This glass building at Lake View Park in Islamabad suffered from extreme heat gain. SolarScreen Pakistan installed our Z Series transparent film to block out 70% of the heat while retaining in the natural light. Click below to download useful documents about our company and products.

What is a photovoltaic curtain wall?

They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years. This reduces monthly electricity bills and ultimately pays for itself over time.

What are aluminum curtain walls?

The aluminum systems are not only easy to transport but also straightforward to manufacture. Curtain walls --also known as glass facades and exterior glazing systems--convert previously unused spaces into energy assets,enhancing both aesthetics and functionality.
