Is Kuala Lumpur a sustainable hotel?

Kuala Lumpur is known for gleaming skyscrapers and luxury resorts, but not necessarily for sustainable hotels. The Hotel Indigo Kuala Lumpur On The Park is determined to change that. "We've been talking about sustainability from design to delivery," says General Manager Ashleigh Garside.

Can a hotel turn Kuala Lumpur into a beacon of sustainability?

And over the long term, saving energy and resources promises to reduce the property's operating expenses. Of course, one hotel alone will not turn Kuala Lumpur into a beacon of sustainability. The challenges in Kuala Lumpur are systemic, from infrastructure to cultural norms around consumption and waste.

Why are guests not coming to Kuala Lumpur?

Reality check: Guests are not coming to Kuala Lumpur, or even to the Hotel Indigo, because of its sustainability program. But they seem happy to find the sustainability programs once they're here, says Garside. And over the long term, saving energy and resources promises to reduce the property's operating expenses.

Is Intercontinental Kuala Lumpur a sustainable company?

InterContinental Kuala Lumpur has spearheaded its sustainability initiatives with a comprehensive approach to sustainable practices in an era where environmental consciousness is crucial. These initiatives cover various aspects of its operations, such as energy conservation, waste reduction, community engagement, and more.

At Four Seasons Hotel Kuala Lumpur, we are committed to preserving and regenerating the environment and leaving a positive, enduring impact on our local community.
