Where can I buy a LiFePO4 battery in Australia?

You can read more about the introduction of the LiFePO4 battery to Australia on our FAQ page. Lithium Batteries Australia is the first and only certified Australian manufacturer of Lithium Batteries. In fact we are the only manufacturer and supplier of "professional grade" lithium batteries in Australia.

How many LiFePO4 batteries are left in stock?

Only 1 left in stock! LiFePO4 Australia, experts in LIFEP04 we primarily use and recommend the best performing batteries and cells -- for reliability, performance, and safety.

When was LifePo4 Australia started?

We started LifePo4 Australia after 2016, when we were planning a trip around Australia and wanted to have reliable and affordable power for our off-grid camping.

How long does a LiFePO4 battery last?

With LiFePO4 cells, these batteries provide long-lasting power, offering up to 5,000 cycles at 80% DOD. The 5kWh model delivers 50A continuous charging and is perfect for smaller applications, while the 10kWh and 30kWh models, with 100A charging, cater to larger energy needs.
