What is the Code of Federal Regulations (CFR) annual edition?

The Code of Federal Regulations (CFR) annual edition is the codification of the general and permanent rules published in the Federal Register by the departments and agencies of the Federal Government. It is divided into 50 titles that represent broad areas subject to Federal regulation.

What is the Code of Federal Regulations (CFR)?

The Code of Federal Regulations (CFR) is an annual codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. Every Rule or Proposed Rule document in the Federal Register must set out indexing terms for each CFR part that it affects.

What are implementing regulations?

Such regulations are often referred to as "implementing regulations" vis-a-vis the authorizing statute. The rules and regulations are first promulgated or published in the Federal Register. The CFR is structured into 50 subject matter titles. Agencies are assigned chapters within these titles.

What is a regulation in law?

A regulation is a "general statement," issued by an executive agency, that has the force and effect of law. Congress often grants agencies the authority to, and sometimes requires that agencies, issue regulations. Regulations are the means by which Federal agencies implement and enforce the laws and legislation passed by Congress.
