Solar-powered irrigation is a game-changer for remote farming, providing water without relying on grid ...

Solar shipping container powers irrigation and tools in off-grid farms. Ideal for remote agriculture needing clean, mobile energy.

The durable container design is completely waterproof, protects you and your equipment from the elements and any potential security threats. RPS pre-wires all internal components.

Power your farm with Sunchees 30kW-100kW solar systems. Perfect for irrigation, greenhouses, and livestock farms. Durable, off-grid, and scalable solutions.

Custom agricultural solar systems by Greenwired - reliable off-grid and grid-tied systems to power farms, irrigation, barns, and livestock.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.
