Discover TLS advanced Battery Energy Storage System (BESS) containers, designed to support renewable energy integration, stabilize power grids, and reduce energy costs.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

Discover key factors when selecting a solar battery container, including types, specs, safety, and value tips for off-grid or backup power systems.

Equipped with automatic fire detection and alarm systems, the 20FT Container 250kW 860kWh Battery Energy Storage System is the ultimate choice for secure, scalable, and efficient energy ...

We use only top-tier, Grade A lithium cells for superior energy density, long cycle life, and faster charging capabilities. Our multi-protocol BMS provides 3-stage protection (voltage, ...
