What is a battery energy storage container (BESC)?

Storemasta's Battery Energy Storage Containers (BESC) offer an advanced, secure solution for housing your Battery Energy Storage System (BESS).

What is a battery energy storage container - 10ft?

Purpose-built for BESS storage, this innovative container is designed to reduce battery fire risk. Storemasta's Battery Energy Storage Container - 10ft is proudly designed and made in Australia to meet the requirements of the Australian Standard AS/NZS 4681 - The storage and handling of Class 9 (miscellaneous) dangerous goods and articles.

Why should you choose a container energy storage system?

Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable integration, backup power, and off-grid energy supply. Why Choose a Container Energy Storage System? All-in-One Power Solution- Integrated battery storage, inverter systems, and control units in one secure container.

What is a containerised battery unit?

Containerised Battery Units: Built into secure, weather-resistant containers, these BESS systems are engineered for high-capacity, industrial-scale power storage. Perfect for construction, mining, or backup for critical infrastructure, containerised solutions are scalable and robust, suitable for long-term and remote applications.

Modular, scalable and easily deployed across a range of markets and applications, BESS is available in 10ft, 20ft, or 40ft container sizes, fully assembled and tested, and ready for onsite ...

You can read more about our Brunstock 5MWh BESS, which has excellent operational capacity in a wide temperature range and can withstand the humid conditions in Australia.

Tailored for renewable energy farms seeking a plug-and-play solution, the Storemasta Battery Storage Container is engineered with industry-leading safety features, including air release ...

Buy or hire Container Energy Storage Systems in Australia. New & used, fast delivery, top prices. Get a free quote today.
