What is a 20ft used shipping container?

Our 20ft used shipping containers provide a durable, cost-effective solution for storage and shipping. Built from Corten steel to ISO standards, these units are inspected to ensure doors, floors, and seals are fully operational. They feature marine-grade plywood floors over steel cross-members and heavy-duty cargo doors with secure locking bars.

Can a 20ft container be stacked for shipping?

While they can no longer be stacked for shipping, they make for an excellent storage solution on land -- a much cheaper alternative to renting a storage unit or building a garage/shed. 20ft used containers will show clear evidence of their many ocean journeys. Dings, dents, and patches of surface rust are to be expected.

How long do used 20 foot containers last?

Used 20 foot containers have been retired from international shipping after an average of 15-20 years at sea.
