Ivory Coast's state-run utility Ci-Energies has launched two tenders for the construction of 100 MW solar power plants, each connected to 33 MWh of storage capacity. In ...

Côte d'Ivoire launches 200 MW solar tender with 33 MWh storage, seeking private investment to boost renewable energy and grid reliability in northern regions.

The report highlighted projects in the cities of Ferkessédougou and Bondoukou, with capacities of 52 MWp and 50 MWp, respectively, as scheduled to come on line next year, ...

Paris, May 11th 2022 - Saft, a subsidiary of TotalEnergies, has won a major contract from Eiffage Energie Systèmes to deliver a 10 MW energy storage system (ESS) that will ensure smooth ...

A lithium-ion battery energy storage system (BESS) made by Saft will be installed at a 37.5MWp solar PV power plant in Côte d'Ivoire.

The 37.5 MW plant, owned and operated by CI-Energies (Côte d'Ivoire Energies), will be the first large-scale solar project in Côte d'Ivoire, and in operation is expected to avoid the annual ...
