What is a solar roof tile?

Solar roof tiles Soltile: Like a tile, but including a solar system. Thanks to installation directly on the roof battens as with traditional roof tiles, no additional substructure is required. PV facade Solface: The seamlessly integrated productive facade.

Which solar roof tile should I Choose?

The Solaris(TM) Classic is our base tile suitable for most applications and a great match for contemporary architecture. The rendering is stylish and powerful. Freesuns solar/photovoltaic tiles allow you to have 100% coverage and a solar roof that improves both aesthetics and performance.

What are freesuns solar tiles?

Designed in Switzerland and individually hand-crafted to the highest industry quality standards, Freesuns solar tiles have been developed to last. As a result, they are more robust than normal roof tiles and much stronger than ordinary solar panels. Our tiles can be adapted to any roof with variations in shape, colour, and size.

Which Solaris tile should I Choose?

The Solaris(TM) Premium Black tile is simple and elegant. It is the perfect product for buildings where you want to have solar cells that are barely visible. The Solaris(TM) Classic is our base tile suitable for most applications and a great match for contemporary architecture. The rendering is stylish and powerful.

Whether on flat roofs, pitched roofs or classic tiled roofs, Ernst Schweizer AG installs innovative solar technology on every roof.
