This CrowPanel ESP32 terminal is a microcontroller based on the ESP32 ...

Mid-range spill resistant 15" fanless projected capacitive touchscreen POS terminal. Suitable for hospitality, QSR, convenience store & retail.

There's never been a better time to re-evaluate what capacitive sensing can do for your product. This document introduces the capacitive touch front-end variants and capabilities, available ...

To start, Microchip Technology's MTCH2120 capacitive touch controller uses an inter-integrated circuit (I2C) interface, facilitating ...

Explore Renesas' advanced capacitive touch solutions for human-machine interfaces (HMIs), offering high sensitivity, noise tolerance, easy development tools, and low power consumption ...

Explore Renesas' advanced capacitive touch solutions for human-machine interfaces (HMIs), offering high sensitivity, noise tolerance, easy ...
