How much does a supercapacitor energy storage system cost?

In 2023, the average supercapacitor energy storage system ranged between \$3,000-\$5,000 per kWh—significantly higher than traditional batteries. But why does this gap exist, and when will it close? Unlike batteries that rely on chemical reactions, supercapacitors store energy electrostatically.

How much does a supercapacitor cost?

The capex costs of supercapacitors are contrasted with the costs of lithium ion batteries and the costs of flywheels in the chart below. A typical supercapacitor stores about 15 seconds of energy, for a capex cost of \$10,000/kWh, but just \$40/kW of power.

How big is the global supercapacitor market?

Source: Secondary Research, Interviews with Experts, Markets and Markets Analysis The global supercapacitor market is projected to grow from USD 1.35 billion in 2025 to USD 2.84 billion by 2030, at a CAGR of 16.1%. Growth is driven by adoption of automotive, consumer electronics, renewable energy, and industrial automation.

How much is the supercapacitors market worth in 2025?

The supercapacitors market is valued at USD 0.54 billion in 2025 and is projected to double to USD 1.09 billion by 2030.

The costs of supercapacitors are tabulated in this data-file, with a typical system storing 15-seconds of electricity, for a capex cost around \$10,000/kWh of energy but just ...

Supercapacitors from the leading manufacturers are listed on everything PE. Narrow down on products based on type, capacitance, voltage rating, package type, etc. View product ...

The costs of supercapacitors are tabulated in this data-file, with a typical system storing 15-seconds of electricity, for a capex cost around ...

Below is a detailed breakdown of the most common types of supercapacitors, their technical characteristics, and typical bulk pricing per farad—ideal for engineers, procurement ...

The global supercapacitors market stood at USD 0.54 billion in 2025 and is forecast to reach USD 1.09 billion by 2030, advancing at a 15.27% CAGR.

Supercapacitor pure electric price
