Where can I find information about energy in Seychelles?

Find relevant data on energy production, total primary energy supply, electricity consumption and CO2 emissions for Seychelles on IndexMundi Homepage. Find relevant information for Seychelles on energy access (access to electricity, access to clean cooking, renewable energy and energy efficiency) on the Tracking SDG7 homepage.

What kind of electricity does Seychelles have?

The Seychelles have 220-240v electricity with British style B-1363 outlets, which will require both an adapter and in the case of appliances that can't handle 220v, a step down converter or transformer. What are the toilets like in the Seychelles?

What is the energy policy of the Republic of Seychelles?

The Energy Policy of the Republic of Seychelles, established in 2010, aims to convert the country to 100% renewable energy in the long term. Its immediate goals are to raise the renewable energy (RE) penetration rate to 5% in 2020 and to 15% in 2030. The Energy Act was enacted in 2012 based on the same policy.

Where can I find relevant documents and data sets for Seychelles?
